INSTRUCTIONS FOR PART 1

Lines 1 - 7: Self-explanatory.

THE PRIVATENESS PERCENTAGE

One of the prominent characteristics of a private and voluntary organization (PVO) is that it receives funds from private sources. For many years, Congress has sought to expand the role of PVOs in the development process. At the same time, Congress seeks to ensure that the private nature of PVOs continues. Accordingly, Congress requires a U.S. PVO to obtain at least 20 percent of its total annual financial support for its overseas activities from sources other than the U.S. Federal Government.

The USAID Form 1550-2 and its supporting parts are used to compute the privateness percentage and to compile other information about PVOs for USAID's annual publication, *Voluntary Foreign Aid Programs: Report of Voluntary Foreign Agencies Engaged in Overseas Relief and Development* (VolAg Report).

The privateness computation shows the funding a U.S. PVO receives from non-U.S. Federal Government (i.e. private, state, and local government) sources for overseas activities as a percentage of its funding from all sources. Certain U.S. Federal Government grants and cooperative agreements are excluded from the privateness percentage test, see Part 3. **A U.S. PVO must demonstrate a privateness percentage of at least 20 percent to be eligible for development assistance from USAID.**
